

# FREE RADIO PREP!

## No fee, no how, NEVER!

Around the water cooler or around the dial, we've got whatever they're talking about *FIRST!* Every day, **The March Report** runs a **minimum of 30 new stories** covering the areas of *Obama, The Senate & Congress, ACORN, The Supreme Court, other Politics, Books, Business, Health, Humor, Movies, Obituaries, Opinion, Science, Sports, Technology, Television, U.S., Video, Washington, Weather, World News*, as well as *Odd News, UFOlogy, and The Paranormal*. **Even if your phones go down, you'll have absolutely no trouble filling 3 or 4 hours!**

Just go to <http://www.marchreport.com>, and start reading. There's a new page every day, and the prior days' pages are archived for back-tracking stories. We've even got loads of videos for you to pull audio from. And, while you're there, have a look at our special *Tribute to Tim Russert*.

**All of this will cost you nothing.** Zero. Zilch. Just go to <http://www.marchreport.com> when you start prepping your show. **Why pay for Radio Prep when we do it all for you FREE?**

**What's the catch? NONE WHATSOEVER.** As all of us who have done radio know, *if it's free, it's for me!* Why's it free? ***In exchange for a plug, just like everything else in radio.*** We make our money from click-thrus on the ads on our website, so that larger our audience among the general public, the more click-thrus we get.

Just plug our site a few times during each show, when and how you please. For example, just say, *"I saw this on MarchReport.com,"* or some such verbiage. That's all.

Please go take a look at the site. You'll see that it has everything you need to prep a 3 or 4 hour talk-show—and it will cost you absolutely NOTHING—not now, not EVER!
